Hi!

I'm reaching out because you may not be familiar with **Champions**—and that's okay. Most of the schools we partner with weren't either.

Champions works with schools to provide **before- and after-school, break, and summer programs** that feel like a natural extension of the school day—not just a place to be. Our programs focus on belonging, curiosity, and consistency, while also helping schools and families solve very real scheduling challenges.

What schools tend to appreciate most is that we:

- Build programs around *your* school's values and culture
- Take on the operational lift (staffing, licensing, daily management)
- Show up as a partner, not a vendor

Even if out-of-school time isn't something you're actively exploring, I'd welcome a brief introduction—or guidance on who might be the best person to connect with.

Here's a quick way to find a time that works if you are open to a meeting: **Champions Meeting**

Thanks for all you do for your school community,
Heather

Sudbury After School Care

elizabeth_sues@sudbury.k12.ma.us Elizabeth Sues

Tuesday, September 30, 2025 at 12:06:16 PM Eastern Daylight Time

To: greenmeadow@maynardbasec.org, fowler@maynardbasec.org fowler@maynardbasec.org

Dear BASEC Sudbury @ Maynard Director,

My name is Betsy Sues, and I serve on the Sudbury School Committee. Our committee supports Sudbury Public Schools (SPS): Peter Noyes Elementary School, General John Nixon Elementary School, Josiah Haynes Elementary School, Israel Loring Elementary School, and Ephraim Curtis Middle School.

The School Committee is responsible for completing a request for proposal (RFP) process to rent facilities for after-school care during the 2026–2027 school year. In advance of that work, we would like to gain a better understanding of the current after-school care landscape for SPS students and families. The purpose of this communication is to connect with you, learn from your perspective, and ensure we have a clear picture of the needs and services in our community before moving into the RFP process.

I'd be grateful to learn more about your current and/or planned programming for SPS students. Please feel free to share information in whatever format is easiest—a reply by email is great, or I'm happy to meet in person or talk by phone at your convenience.

To guide your response, any details you can share on the following would be helpful. Please answer only what you're comfortable sharing—none of these are required:

1. Nature of the after-school program

- How do students spend their time (e.g., enrichment activities, homework help, open play, indoor/outdoor time)?
- Which ages/grades do you serve?
- Who cares for students? What staff roles/certifications do you require (e.g., EEC, CPR/First Aid)?
- Location of services provided (please include whether you currently use SPS facilities or would potentially be interested in renting SPS facilities in the future).

1. Transportation

- Do you provide transportation from SPS schools? If so, which schools?
- Do you rely on parent/guardian drop-off?
- Is your site an SPS bus drop-off point? If so, from which schools?

1. Days and times

- What are the daily hours of care coverage?
- Is programming available on Early Release Wednesdays (ILAP) or on other no school days (e.g., snow days, professional development, religious/ cultural observances)?

1. Enrollment structure

- May families choose specific days (e.g., Tue/Thu), or is enrollment a Mon–Fri schedule?
- If a family has an older child enrolled, do younger siblings receive priority placement?

1. Capacity and waitlist

- What is your licensed capacity and current enrollment?
- Do you have open spaces?
- If there's a waitlist, approximately how long is it/what is the typical wait time?

1. Cost

- Current or projected tuition/fees, including any fees specific to Early Release Wednesdays, transportation, etc.

We welcome any materials you are able to share (fee schedules, calendars, etc.) as well as your feedback on how we can best support after-school care for SPS students and families.

Thank you in advance for your time as we evaluate how to best support the after-school care needs of Sudbury students and families.

Warmly,

Betsy Sues
Sudbury School Committee

Hi Betsy,

Thank you for reaching out! As an organization we are always looking for ways to support local communities with their out of school time needs! My name is Michael and I am the Site Director for the BASEC @ Maynard programs. I am copying a few different folks from our executive team who will work on more detailed answers to your questions via a google doc which we will send before the end of the week.

In the meantime we'd be happy to schedule an in-person meeting to share more about BASEC, our enrichment programming, and the approach we take to OST programming. Please let us know when you might be available!

Best,
Michael

Hi Betsy,

I want to echo Michael's appreciation for your email. We believe in our model for out-of-school time programming and are always excited to share ideas with communities that are eager to explore what is possible in the field. As you know, we've been building connections with the Sudbury community over the past year-plus, both in exploring options for underserved families on after school waitlists, and in opening our first new vacation day-camp in Sudbury for those high demand weeks at the end of the summer this past August.

We expect to have a document for you to review on Monday that addresses each of the questions in your email. I think meeting in person to talk through these details could provide you with valuable context, examples, and depth. I have wide availability on Tuesday and Wednesday next week (10/7 & 10/8) -- would you like to meet for coffee to discuss? Happy to come to a location that works best for you.

Thanks so much for the opportunity! Looking forward to continuing this conversation with you!

Best,
Andrew

Hi Betsy,

Thank you for reaching out! As an organization we are always looking for ways to support local communities with their out of school time needs! My name is Michael and I am the Site Director for the BASEC @ Maynard programs. I am copying a few different folks from our executive team who will work on more detailed answers to your questions via a google doc which we will send before the end of the week.

In the meantime we'd be happy to schedule an in-person meeting to share more about BASEC, our enrichment programming, and the approach we take to OST programming. Please let us know when you might be available!

Best,
Michael

Dear BASEC Sudbury @ Maynard Director,

My name is Betsy Sues, and I serve on the Sudbury School Committee. Our committee supports Sudbury Public Schools (SPS): Peter Noyes Elementary School, General John Nixon Elementary School, Josiah Haynes Elementary School, Israel Loring Elementary School, and Ephraim Curtis Middle School.

The School Committee is responsible for completing a request for proposal (RFP) process to rent facilities for after-school care during the 2026–2027 school year. In advance of that work, we would like to gain a better understanding of the current after-school care landscape for SPS students and families. The purpose of this communication is to connect with you, learn from your perspective, and ensure we have a clear picture of the needs and services in our community before moving into the RFP process.

I'd be grateful to learn more about your current and/or planned programming for SPS students. Please feel free to share information in whatever format is easiest—a reply by email is great, or I'm happy to meet in person or talk by phone at your convenience.

To guide your response, any details you can share on the following would be helpful. Please answer only what you're comfortable sharing—none of these are required:

1. Nature of the after-school program

- How do students spend their time (e.g., enrichment activities, homework help, open play, indoor/outdoor time)?
- Which ages/grades do you serve?
- Who cares for students? What staff roles/certifications do you require (e.g., EEC, CPR/First Aid)?
- Location of services provided (please include whether you currently use SPS facilities or would potentially be interested in renting SPS facilities in the future).

1. Transportation

- Do you provide transportation from SPS schools? If so, which schools?
- Do you rely on parent/guardian drop-off?
- Is your site an SPS bus drop-off point? If so, from which schools?

1. Days and times

- What are the daily hours of care coverage?
- Is programming available on Early Release Wednesdays (ILAP) or on other no school days (e.g., snow days, professional development, religious/ cultural observances)?

1. Enrollment structure

- May families choose specific days (e.g., Tue/Thu), or is enrollment a Mon–Fri schedule?
- If a family has an older child enrolled, do younger siblings receive priority placement?

1. Capacity and waitlist

- What is your licensed capacity and current enrollment?
- Do you have open spaces?
- If there's a waitlist, approximately how long is it/what is the typical wait time?

1. Cost

- Current or projected tuition/fees, including any fees specific to Early Release Wednesdays, transportation, etc.

We welcome any materials you are able to share (fee schedules, calendars, etc.) as well as your feedback on how we can best support after-school care for SPS students and families.

Thank you in advance for your time as we evaluate how to best support the after-school care needs of Sudbury students and families.

Warmly,

Betsy Sues
Sudbury School Committee

Hi Betsy,

We just shared a document with you that addresses the questions you emailed last week. If you have any trouble accessing it, please let us know!

I'm sure your schedule is extremely busy; however, if you have an opportunity to meet for coffee or jump on a Zoom call, I'd be happy to add details or answer any additional questions you have.

Thanks again!

Best,
Andrew

Hi Micheal and Andrew,

Thank you again for the thoughtful and thorough information you shared with me back in October. It was incredibly helpful as we've been working toward the development of an RFP.

I owe you a sincere apology for not responding sooner. I regret the delay and appreciate your patience — I'm very aware that I wasn't as respectful of your time as I should have been.

Our committee is now moving forward, and the RFP is on the agenda to be discussed at our meeting this upcoming Monday. I would very much welcome the opportunity to meet with you for coffee or on a zoom call to connect further, if you're interested.

Thank you again, and I hope we can connect soon,

Elizabeth

Dear BASEC Sudbury @ Maynard Director,

My name is Betsy Sues, and I serve on the Sudbury School Committee. Our committee supports Sudbury Public Schools (SPS): Peter Noyes Elementary School, General John Nixon Elementary School, Josiah Haynes Elementary School, Israel Loring Elementary School, and Ephraim Curtis Middle School.

The School Committee is responsible for completing a request for proposal (RFP) process to rent facilities for after-school care during the 2026–2027 school year. In advance of that work, we would like to gain a better understanding of the current after-school care landscape for SPS students and families. The purpose of this communication is to connect with you, learn from your perspective, and ensure we have a clear picture of the needs and services in our community before moving into the RFP process.

I'd be grateful to learn more about your current and/or planned programming for SPS students. Please feel free to share information in whatever format is easiest—a reply by email is great, or I'm happy to meet in person or talk by phone at your convenience.

To guide your response, any details you can share on the following would be helpful. Please answer only what you're comfortable sharing—none of these are required:

1. Nature of the after-school program

- How do students spend their time (e.g., enrichment activities, homework help, open play, indoor/outdoor time)?
- Which ages/grades do you serve?
- Who cares for students? What staff roles/certifications do you require (e.g., EEC, CPR/First Aid)?
- Location of services provided (please include whether you currently use SPS facilities or would potentially be interested in renting SPS facilities in the future).

1. Transportation

- Do you provide transportation from SPS schools? If so, which schools?
- Do you rely on parent/guardian drop-off?
- Is your site an SPS bus drop-off point? If so, from which schools?

1. Days and times

- What are the daily hours of care coverage?
- Is programming available on Early Release Wednesdays (ILAP) or on other no school days (e.g., snow days, professional development, religious/ cultural observances)?

1. Enrollment structure

- May families choose specific days (e.g., Tue/Thu), or is enrollment a Mon–Fri schedule?
- If a family has an older child enrolled, do younger siblings receive priority placement?

1. Capacity and waitlist

- What is your licensed capacity and current enrollment?
- Do you have open spaces?
- If there's a waitlist, approximately how long is it/what is the typical wait time?

1. Cost

- Current or projected tuition/fees, including any fees specific to Early Release Wednesdays, transportation, etc.

We welcome any materials you are able to share (fee schedules, calendars, etc.) as well as your feedback on how we can best support after-school care for SPS students and families.

Thank you in advance for your time as we evaluate how to best support the after-school care needs of Sudbury students and families.

Warmly,

Betsy Sues
Sudbury School Committee

Hi Elizabeth,

No need to apologize. My family also has school committee experience, so I'm well acquainted with how many different responsibilities require time and attention!

We would love to meet with you to provide more information about how the wide variety of out-of-school time needs (capacity, "enrichment", flexibility, space, etc.) can intersect. Our model is one of many in the field, but we feel that our recent work in growing programs could help inform you as you look for solutions for Sudbury -- and of course our own connections to your community and the communities directly surrounding you set us both up well to collaborate and share ideas.

If you have a calendar with meeting options you can share, please let us know -- or if you'd like us to share dates with you, we'd be happy to do so!

Thanks!
Andrew

Hi Micheal and Andrew,

Thank you again for the thoughtful and thorough information you shared with me back in October. It was incredibly helpful as we've been working toward the development of an RFP.

I owe you a sincere apology for not responding sooner. I regret the delay and appreciate your patience — I'm very aware that I wasn't as respectful of your time as I should have been.

Our committee is now moving forward, and the RFP is on the agenda to be discussed at our meeting this upcoming Monday. I would very much welcome the opportunity to meet with you for coffee or on a zoom call to connect further, if you're interested.

Thank you again, and I hope we can connect soon,

Elizabeth

Hi Betsy,

I want to echo Michael's appreciation for your email. We believe in our model for out-of-school time programming and are always excited to share ideas with communities that are eager to explore what is possible in the field. As you know, we've been building connections with the Sudbury community over the past year-plus, both in exploring options for underserved families on after school waitlists, and in opening our first new vacation day-camp in Sudbury for those high demand weeks at the end of the summer this past August.

We expect to have a document for you to review on Monday that addresses each of the questions in your email. I think meeting in person to talk through these details could provide you with valuable context, examples, and depth. I have wide availability on Tuesday and Wednesday next week (10/7 & 10/8) -- would you like to meet for coffee to discuss? Happy to come to a location that works best for you.

Thanks so much for the opportunity! Looking forward to continuing this conversation with you!

Best,
Andrew

Andrew / Michael,

That works for me! I've marked my calendar for noon this Friday. Would it be possible to use your zoom number?

Thanks!

Betsy

On Tue, Jan 20, 2026 at 1:13 PM Andrew Mountford <andrew.mountford@belmontbasec.org> wrote:

Sounds great, Betsy!

Zoom probably works best for us for those days -- does 12pm on Friday still work for you? If so, we'll set up a Zoom invite and send it to you. We're looking forward to hearing about Sudbury's efforts and providing a more comprehensive overview of why BASEC exists and what impact we're striving to make on our communities.

Best,
Andrew

Dear BASEC Sudbury @ Maynard Director,

My name is Betsy Sues, and I serve on the Sudbury School Committee. Our committee supports Sudbury Public Schools (SPS): Peter Noyes Elementary School, General John Nixon Elementary School, Josiah Haynes Elementary School, Israel Loring Elementary School, and Ephraim Curtis Middle School.

The School Committee is responsible for completing a request for proposal (RFP) process to rent facilities for after-school care during the 2026–2027 school year. In advance of that work, we would like to gain a better understanding of the current after-school care landscape for SPS students and families. The purpose of this communication is to connect with you, learn from your perspective, and ensure we have a clear picture of the needs and services in our community before moving into the RFP process.

I'd be grateful to learn more about your current and/or planned programming for SPS students. Please feel free to share information in whatever format is easiest—a reply by email is great, or I'm happy to meet in person or talk by phone at your convenience.

To guide your response, any details you can share on the following would be helpful. Please answer only what you're comfortable sharing—none of these are required:

1. Nature of the after-school program

- How do students spend their time (e.g., enrichment activities, homework help, open play, indoor/outdoor time)?
- Which ages/grades do you serve?
- Who cares for students? What staff roles/certifications do you require (e.g., EEC, CPR/First Aid)?
- Location of services provided (please include whether you currently use SPS facilities or would potentially be interested in renting SPS facilities in the future).

1. Transportation

- Do you provide transportation from SPS schools? If so, which schools?
- Do you rely on parent/guardian drop-off?
- Is your site an SPS bus drop-off point? If so, from which schools?

1. Days and times

- What are the daily hours of care coverage?
- Is programming available on Early Release Wednesdays (ILAP) or on other no school days (e.g., snow days, professional development, religious/ cultural observances)?

1. Enrollment structure

- May families choose specific days (e.g., Tue/Thu), or is enrollment a Mon–Fri schedule?
- If a family has an older child enrolled, do younger siblings receive priority placement?

1. Capacity and waitlist

- What is your licensed capacity and current enrollment?
- Do you have open spaces?
- If there's a waitlist, approximately how long is it/what is the typical wait time?

1. Cost

- Current or projected tuition/fees, including any fees specific to Early Release Wednesdays, transportation, etc.

We welcome any materials you are able to share (fee schedules, calendars, etc.) as well as your feedback on how we can best support after-school care for SPS students and families.

Thank you in advance for your time as we evaluate how to best support the after-school care needs of Sudbury students and families.

Warmly,

Betsy Sues
Sudbury School Committee

Hi Betsy,

Thank you for reaching out! As an organization we are always looking for ways to support local communities with their out of school time needs! My name is Michael and I am the Site Director for the BASEC @ Maynard programs. I am copying a few different folks from our executive team who will work on more detailed answers to your questions via a google doc which we will send before the end of the week.

In the meantime we'd be happy to schedule an in-person meeting to share more about BASEC, our enrichment programming, and the approach we take to OST programming. Please let us know when you might be available!

Best,
Michael

Dear BASEC Sudbury @ Maynard Director,

My name is Betsy Sues, and I serve on the Sudbury School Committee. Our committee supports Sudbury Public Schools (SPS): Peter Noyes Elementary School, General John Nixon Elementary School, Josiah Haynes Elementary School, Israel Loring Elementary School, and Ephraim Curtis Middle School.

The School Committee is responsible for completing a request for proposal (RFP) process to rent facilities for after-school care during the 2026–2027 school year. In advance of that work, we would like to gain a better understanding of the current after-school care landscape for SPS students and families. The purpose of this communication is to connect with you, learn from your perspective, and ensure we have a clear picture of the needs and services in our community before moving into the RFP process.

I'd be grateful to learn more about your current and/or planned programming for SPS students. Please feel free to share information in whatever format is easiest—a reply by email is great, or I'm happy to meet in person or talk by phone at your convenience.

To guide your response, any details you can share on the following would be helpful. Please answer only what you're comfortable sharing—none of these are required:

1. Nature of the after-school program

- How do students spend their time (e.g., enrichment activities, homework help, open play, indoor/outdoor time)?
- Which ages/grades do you serve?
- Who cares for students? What staff roles/certifications do you require (e.g., EEC, CPR/First Aid)?
- Location of services provided (please include whether you currently use SPS facilities or would potentially be interested in renting SPS facilities in the future).

1. Transportation

- Do you provide transportation from SPS schools? If so, which schools?
- Do you rely on parent/guardian drop-off?
- Is your site an SPS bus drop-off point? If so, from which schools?

1. Days and times

- What are the daily hours of care coverage?
- Is programming available on Early Release Wednesdays (ILAP) or on other no school days (e.g., snow days, professional development, religious/cultural observances)?

1. Enrollment structure

- May families choose specific days (e.g., Tue/Thu), or is enrollment a Mon–Fri schedule?
- If a family has an older child enrolled, do younger siblings receive priority placement?

1. Capacity and waitlist

- What is your licensed capacity and current enrollment?
- Do you have open spaces?
- If there's a waitlist, approximately how long is it/what is the typical wait time?

1. Cost

- Current or projected tuition/fees, including any fees specific to Early Release Wednesdays, transportation, etc.

We welcome any materials you are able to share (fee schedules, calendars, etc.) as well as your feedback on how we can best support after-school care for SPS students and families.

Thank you in advance for your time as we evaluate how to best support the after-school care needs of Sudbury students and families.

Warmly,

Betsy Sues
Sudbury School Committee

Supporting families without stretching staff thinner

I'm reaching out because many schools we speak with are hearing the same things from families and staff:

- Families need reliable care that aligns with the school day.
- Staff want support solutions that don't create more work or complexity.

That's where **Champions** comes in—though you may not have heard of us yet.

We partner with schools to provide **before- and after-school, break, and summer programs** that are consistent, well-run, and aligned to the school's culture. We handle staffing, licensing, and daily operations so schools can support families *without* stretching their teams any thinner.

Our goal is simple: help schools meet a real family need while protecting staff time, energy, and focus.

If this is a challenge your community has felt—or may feel in the future—I'd love to introduce Champions or connect with the right person on your team. Here's a quick way to find a time that works if you are open to a meeting: **Champions Meeting**

Warmly,
Heather

Hi Don,

I don't know any providers specifically, but I did receive the below email about a month ago. I wasn't sure if you were emailed as well, so I thought I'd pass it along.

There is of course Mari from Sudbury Extended Day. Her email is mari@sudburyextendedday.org.

I can't find the email, but Andrew from Belmont After School Enrichment Collaborative also reached out. This is the email from the website: Andrew.Mountford@belmontbasec.org

Besides those two emails and the current provider, I'm not sure of others. I *think* the Metrowest YMCA provides after-school care in Framingham Public Schools... My sister lives there so I could double-check, but that could possibly be another?

I can do research on others in the area too, if you want. Just let me know!

Karyn
