

Decision making is complicated

- Best interest for students and educators
- Best interest for parents/caregivers
- Budget constraints
- Multiple community voices

There will be outcomes that do not please everyone

Good evening. My name is Jillian Kelton, and I am a resident of Sudbury.

I have filed a petition that calls on the residents of this town to render a judgment on this committee.

Recourse for Committee wrongdoing

Yes, **we recommend that you continue the procurement process** that is scheduled for action at Monday's SC meeting. In doing so, I understand the Committee would be following the normal customary process as explained by Don.

Hello -

I'm writing to you this morning because I just learned that the Sudbury School Committee has proposed creating a LGBTQ PAC and I think this is a terrible idea. Sudbury is a wonderful town and community that has many diverse people who all get...

.....

Don't forget who runs this town, its the Dads of Sudbury...we pay the taxes, coach all the youth sports, and teach these kids how to be men and women for others! We are watching what you do!

God Bless America,

Karyn Jones. You are a spineless coward to not attend the School Committee meeting last night announcing the termination of Brad...

.....

I'm frustrated with your actions beyond words, stop being a coward and face your community properly. I don't know how you sleep well at night knowing you are NOT serving the greater good of school aged children in Sudbury.

With EXTREME displeasure,
